Why You Need the Chamber- And Why the Chamber Needs You

109 East Main Street • P.O. Box 402 • Gardner, Kansas 66030

One voice raised in defense of a right, or one person or business taking on a project is often weak and ineffectual. However, when many voices are raised together, and many people work together in community affairs, great things are often achieved.

When you, as an individual or business, express your opinions and make your contributions physically and financially, in a cooperative effort with other business people, you have real "clout" and things get done. The Gardner Area Chamber of Commerce offers the vehicle for this community "clout"- to encourage orderly growth and economic development, to work with state and national legislators on major issues affecting the local cities and counties, as well as promote the free enterprise system.

So you, as a business owner or manager, working in and with the Chamber, make your contributions to the community effort. In turn, the upgrading of the community, the increase in business, new roads, the reduction of crime, new subdivisions, better schools and libraries (all these things the Chamber works for) have a beneficial effect on you, your family, and your business. You don't serve and support the Chamber, you contribute and work for YOURSELF.

Of course, it takes money to operate the Chamber and its various activities, but the Chamber is working for YOU. If you make your investment, add your time and concentrate your effort, you're going to have "clout" to work for those things that benefit you and your business.

Let's all work together; For working together works... FOR YOU.
